About LandPaths

LandPaths is an environmental education and conservation leader with the mission is to foster a love of the land in Sonoma County. We believe everyone should have access to the awe and inspiration of nature.

Annually, we engage thousands of participants like you in joyful, caring, and transformative relationship with the land. We do this mainly through creative outings led in both English and Spanish, environmental education, nature camps, and people-powered land stewardship of local open spaces.

You are invited to the 13th annual Harvest Festival at Bayer Farm on September 30! Click here to learn more about becoming a community partner or corporate sponsor.
